**MOVING POLICY** • If no caribou have been seen after the first four days, we will transfer you to another site, flight conditions permitting. This moving policy is conditional to the caribou migration on the reserve territories granted by the government to Club Explo-Sylva Inc. and the availability of the camp and float plan. Should such transfer be necessary, 1 animal only will be allowed per person and hunters may also have to accept reduced services. There is a possibility that we decide to move you on the first day of your hunt if the caribou migration is delayed on your original camp site; this will be considered as a transfert. Club Explo-Sylva Inc. should not be held responsible for the absence of migration on any territory at any time or for the failure to harvest game.
